Dedicated Internet Access (DIA)

Fast, reliable, dedicated internet for your business

Brightspeed Dedicated Internet delivers reliable, high-performing internet that can easily adapt to the changing needs of your business.

Dedicated internet customers can expect the best performance for their crucial business applications such as video conferencing, VoIP (Voice over IP) and file sharing.

- Each business has their own dedicated internet service connection with guaranteed bandwidth
- Dedicated internet access with various speed options to fit your business needs
- Internet speeds up to 10Gbps (10,000Mbps)*
- Symmetrical speeds (upload/download)
- Static IP addresses available
- 24/7 local business support

Choose the speeds that best fit your business needs.

10 Mbps - 100 Mbps

20-50 Employees

Supports multiple users, file downloads/uploads, video conferencing, and VoIP.

100Mbps - 1Gbps

50-100 Employees

Supports heavy online usage, video streaming, file sharing, web conferencing and cloud applications.

1G bps - 10 Gbps

100+ Employees

Supports heavy online usage, high definition voice, web conferencing, large file sharing, streaming video and cloud applications.
